

PQ-W QUALITY POLICY

Issue 13 – 29 January 2026

Compliance: ISO 9001:2015 / AS9100D / AS13100 Rev. A

Company's Primary Goal

The company's primary goal is to ensure and maintain the quality of products and services in accordance with customer requirements and ISO9001:2015, AS9100D, and AS13100 Rev. A standards, while maintaining competitive prices.

The quality policy takes into account human factor and occupational safety, monitoring operational risks, and continuous improvement of processes and staff competencies.

The policy is communicated to all employees and stakeholders and supports the conscious involvement of staff in the Quality Management System (QMS).

Strategic Objectives

1. Ensuring and maintaining the agreed quality of products and services at competitive prices
2. Combining quality with customer satisfaction and compliance with legal and quality requirements
3. Direct oversight of the QMS and human factor by the Management Board and the Management Representative
4. Ensuring on-time deliveries and reducing the costs of poor quality
5. Offering proven design solutions
6. Strengthening the company's market position and maintaining good financial standing
7. Providing experienced staff and continuously improving their qualifications
8. Ensuring professional development, employee satisfaction, and safety
9. Continuous improvement of human factor and safety
10. Monitoring changes in the environment and processes and responding to operational risks

Company Commitments

- Monitoring and overseeing the QMS and human factor, including analyzing operational risks and their impact on the compliance of products and services.
- Implementing corrective and improvement actions based on the results of management reviews, internal audits, and customer feedback.
- Continuous improvement of processes, infrastructure, and staff competencies to maintain high quality, safety, and operational efficiency.
